

What is this “Operation Snowball”?

- 1) A weekend retreat program in November and March developed and implemented through a partnership between youth and adults dedicated to the empowerment of teens.
- 2) Uses the powerful energy and influence of youth to create an atmosphere of positive peer support, recognizing youth as part of the solution.
- 3) Supports Social Emotional Learning as youth develop attitudes, beliefs, behaviors, and cognitive skills that create healthy and competent adults.
- 4) A place that provides information specifically focusing on issues related to, and provides alternatives to, alcohol and other drugs.
- 5) A place that provides us with the opportunity to enhance skills for effective communication, decision making and stress relief.
- 6) A place that allows us and adults to grow as people by encouraging open communication, caring and support of one another.
- 7) A place that was founded on the belief that with accurate information and understanding of ourselves, every one of us has the ability to make good decisions regarding our own lives.
- 8) A place that allows us to make new friends and strengthen old friendships!

Lyons Township High School hosts two Snowball events. The first one will be held **November 5-7** and **is reserved for first time participants and individuals that have not been to Camp MacLean ONLY**. Registration forms will be available in late September at the bookstore at both campuses. Bring the form back to the bookstore with your payment during that week. A lottery will be held to fill the spots, and you will be notified at that time whether or not your form was chosen in the lottery.

Hope you can join us!
